

## **Formula Bambino Race Report Round 7 – Saturday 16<sup>th</sup> July 2011**

Saturday 16<sup>th</sup> July saw round 7 of the Daytona Manchester Formula Bambino championship get underway, this month we had 8 drivers taking part and as usual the on track action was as close as it always is.

Proceedings started at 9.00am with the drivers for heat 1 being called to the pit lane. The grids were randomly decided producing 6 heats in total with 2-3 drivers per heat, this allowed for plenty of space on track for drivers to achieve quick lap times. Again this month the kart numbers were concealed and the timing screens were left turned off to keep everyone in suspense.

Heat 1 was the first outing of the day for Ben, Nathan and newcomer to the championship Sam, although it took a few laps for all of the drivers to settle down into the groove once settled into it the lap times started tumbling. The quickest time for the heat eventually went to Ben who posted a 31.778s

Heat 2 saw Archie, James and Marcus hit the track for the first time, all three drivers were pushing from the off, wanting to achieve the best time they could. James eventually set the quickest time for the heat of a 30.936s.

Heat 3 saw Jonathan and Ashley hit the track for their first run of the day, with only two karts on track it was a great opportunity for both drivers to find plenty of space to achieve a quick time. In the end it was Ashley who set the fastest time of a 31.502s.

Heat 4 was the second outing for Archie, Ben and Marcus, even though they didn't know the time they had set in the first heat you could tell all drivers were pushing to set a faster time second time round. Archie and Ben were very close the whole heat however Ben just managed to take it setting a 30.696s lap time.

Heat 5 was the final heat of the day for Ashley, James and Nathan again all drivers were giving everything they could to try and set a fast time, in the end it was James who finished fastest setting a 30.169s lap time which would go on to be the quickest time of the day.

Heat 6 saw Jonathan and Sam take to the track for the final session of the day this time out Sam looked a lot more settled in the kart clearly the nerves in his first session had gone and this time he meant business, both drivers achieved some really quick times and as the chequered flag fell it was Jonathan who set the quickest time of a 31.730s.

All drivers performed brilliantly throughout the heats showing the standard of driving is continuing to improve and the lap times are getting faster every round im sure it wont be long until we see drivers back in the 29s lap times.

The quickest time for each driver in their sessions was as follows:

**Race 1**

Ben Holden 31.778  
Nathan Cole 32.917  
Sam Pattison 34.561

**Race 4**

Ben Holden 30.696

Taking the win with the fastest average lap time on the day of 30.55 was, James Walker, Archie Swinscoe finished in a very close 2<sup>nd</sup> Place and Ben Holden finished in a well deserved 3<sup>rd</sup> place.

The overall results for the round look like this:
