North Circuit InKart Cadets - Round Six

Race Report

As the sun shone brightly in the sky and temperatures soaring to the highest levels recorded so far this year, the drivers themselves warmed up for round six of the Championship. With this race marking just over halfway in the series so far, the drivers took to the National circuit to take part in what proved to be yet another very exciting race for everyone involved.

Race 1C

As the first race kicked off, all drivers got away well from the line with some good, clean racing through the first couple of corners. At turn 10 Liam outbraked himself and unfortunately lost the lead due to the relentless pressure from Jordon Ferguson. As they crossed the line with the chequered flag waving Harrison Pughe was almost able to sneak 2nd place but Liam held out to take second by just 0.34 seconds.

Race 1B

Once again, all drivers made a good start off the line, with both Levi and Harrison Osbourne having a great battle for the lead. Levi made an excellent move at turn number 3 but Harrison counters at turn 5 to regain position. THe top two were exchanging positions constantly with the lead changing almost every single lap. Wit the two upfront in such excellent shape the rest of the field were left to fight for the remaining positions and it was Myles Gray who came off as best of the rest in this race to take third position. in the end it was Levi who took the win in front of Harrison after a titanic battle.

Race 1A

All drivers got away well from the line well, Dean got away especially well and had a look up the inside of turn number 1 and due to both drivers not yielding spun out putting him well behind the rest of the field. Joe Turney and Spencer Olds proving their racing on the track is as close as the championship table with some excellent moves and counter moves . Unfortunately for Toby Goodman, Thomas Byrne spun on his own accord in racing incident, taking them both out. The race finished with Joe in first, Spencer second, Elliot Lloyd with a solid race to take 3rd. Behind the top 5 however, there was a thrilling photo finish between Toby and Dean Thomas (who had an excellent recovery drive!) and as they crossed the line the timing stated 0.01 difference between the two and Toby coming out on top.

Race 2C

As the race got underway the top three drivers (Liam Milburn, Lawrence Claridge and Harrison Pughe) pulled away from the rest of the pack and battled hard amongst themselves for the lead. Lewis Harmer got away especially well and jumped up to 4th position after starting 6th and spent the rest of the race defending hard from the other drivers. Back up front, Harrison Pughe committed and advantage by contact on Lawrence but gave the position back and escaped with just a black and white warning flag. After another exciting race the top three finished with Liam in 1st, Harrison Pughe 2nd and Lawrence in 3rd.

Race 2B

The first lap of the race was relatively clean around the majority of lap number one before Jordon Ferguson spun on his own accord at turn 10 and turn 3 and pushed hard for the rest of the race to catch the pack. It was a very close battle for the lead between Adam Pooler and Myles Gray throughout the race, providing excellent entertainment for all spectators. One star of this race was undoubtedly Matthew Diemer who started at the back in 6th position and came through to finish an impressive 2nd. As the chequered flag was brandished, Adam took the victory with Myles coming home 2nd.

Race 2A

And so it was down to the final race for the day and the deciding battle for the overall victory in today's race. A generally good start from all drivers - especially Joe Turney, who shot out of the blocks and up the inside of Spencer into turn 2. From there on in Joe kept consistently setting supurb laptimes. The rest of the field gradually started to spread and drift apart from each other as the clock ticked away. At the end, Joe Turney took the chequered flag to gain the maximum of 100 points, second was Spencer and Elliot Lloyd coming in an impressive 3rd position.
