Round 6

28th July 2013

Juniors

Inkart Championship 2013

Heat 1 & 2

Heat 1 began with Daniel in pole position, a slow first corner from all drivers but the pace soon picked up at the top of the circuit. A great overtake from both Luke and Charlie on lap 2. Daniel was ahead of the rest of the pack, 2.5 seconds ahead. A black flag for Charlie for too much contact out on the track meant a 5 point deduction. 2 laps remaining with Luke in 3rd place trying hard to catch Aaron. Daniel secured 1st place for the first heat of the round!

Another clean start to the heat with Aaron taking the lead, Charlie right behind him. Ioan and Daniel were battling hard with Ioan just edging ahead. A calm-down board was issued to the last 4 drivers on lap 4. Daniel and Luke moved up into 3rd and 4th respectively. The last lap board was shown and black flags were issued for Joel and William for advantage by contact manoeuvres on each other.

Heat 3 & 4

The second half of racing for the Juniors began with a very bad first lap from all; with Luke Jenkinson losing out as a result. All drivers received a calm down warning. The rest of the heat was quite clean with hardly any contact. A great overtake from Daniel onto the up ramp as a result, gaining the lead for the heat. Aaron took 2nd place with Giacomo in 3rd position.

The final heat of the round saw Andre and Ben on the front row of the grid. Charlie and William on the row behind ready for the green lights. A fair but rough overtake on Ben Walker from Aaron Walsh moved him up into the 3rd position. Charlie was right on the back of Andre's kart but left the gap open for Aaron to make another overtake at the 2nd hairpin. Ben was trying hard to catch Charlie and was getting closer lap by lap but with just 2 laps remaining, would there be enough time to find the overtake.

The Final

The green lights are lit on the gantry and the 15 lap final began. Aaron in 1st place, closely followed by Daniel and Charlie; who was having his best round yet! After 3 laps Aaron was 1.55 seconds ahead of Daniel but he wasn't going to let it go so easily. Luke, Ioan and Ben were all within inches of each other and the remaining 10 laps would prove very interesting. All drivers were looking to stay in their positions as everyone was driving a well defended line. Lap 7 saw Luke Jenkinson make a slight bit of contact on Charlie but apologised and the race continued. Aaron had increased the lead to 3.9 seconds and Daniel was safe in 2nd place. Charlie was holding off the 5 drivers behind very well. With just 4 laps left, could he find himself on the podium for the 1st time?

Just 3 laps remaining and the leaderboard remained he same, Luke was looking for the opportunity and made it happen on the 1st hairpin! A great overtake to finish off Round 7.
