Inkart Championship 2015

DAYTONA MANCHESTER

Heat 1

Heat 1 saw Jordan Cain on pole position, Jordan made a good start while the pack bunched up into turn 2, Seb Duesbury made a very

aggressive start pushing his way through the opening turns and eventually spinning Oliver Flexen round as they came onto the bridge. Seb was given a black flag for this

manoeuvre. All the action middle of the pack gave Jordan a comfortable race win ahead of Harry Eyre and Ioan Evans.

Heat 2

Andres Moreno Rincon made his Junior InKart debut in heat 2. Although the random grid had him starting in last position he was quick to

make his way through the field, gaining 4 positions in 2 laps and eventually taking 4th place. A close race out front saw Nathan Smith take the lead off Seb on lap 3 closely

followed by Jordan moving up into 2nd position. Seb held on to take 3rd place which he was very happy with after his black flag in heat 1.

Heat 3

Ioan Evans on pole position for heat 3, he got a good start but was struggling to break away from the pack, Andre started in 4th position

but quickly dismissed Oscar and Harry for 2nd, whilst Jordan managed to avoid the first lap mayhem to move himself up into 3rd by lap 3. 2 laps to go Andres and Jordan manage to pass Ioan, Andres

pass at hairpin 2 was under investigation but on review was judged as a clean overtake. Andres took the win ahead of Jordan and Ioan.

Heat 4

Pole position for Heat 4 was Andres ahead of Alex Bomberg and Nathan Smith. Andres got a good start and

led from start to finish, while Alex looked to struggle dropping down to 4th. Jordan made his way up from 5th to

2nd but Andres was too far ahead by this point. Nathan held on for 3rd with Oliver Aloul 4th.

Heat 5

After a strong race in heat 4 Oliver Aloul was on pole for the final heat, Oliver Flexen 2nd and Harry Knowles 3rd. Oliver Flexen made the best start moving up into 1st at the

end of lap 1. Oliver Aloul made a mistake at hairpin 2 on lap 2 spinning and dropping down into last position. Meanwhile Andres was on his way through the

pack after starting in 6th position, by lap 4 he was in 3rd, then took the race lead on the penultimate lap as Seb and Ioan managed to pass Oliver Flexen.

The Final

Andres on pole position for the final with Jordan alongside him on the front row. A very close race between these 2 as Jordan looked to have the pace but was unable to make a pass with Andres driving a strong defensive race. Lap 3 and Jordan dived for the inside into hairpin 3! He makes the move stick but Andres tries to fight back. Lap 6 Andres gives Jordan a little tap going into the final hairpin, this pushes Jordan wide enough for Andres to get up the inside and retake the lead of

the race, Unfortunately for Andres a black flag was issued for the manoeuvre putting him down into 9th position. This gave Jordan a

clear lead and moved Nathan and Seb into the podium positions. 2 laps to go and Seb makes a good overtake on Nathan to take 2nd Place behind Jordan. Nathan finished 3rd.
