

Round 5
26th May 2014

Juniors

Inkart Championship 2014

Heat 1

Dominic Caulfield made a very defensive start from P2 almost spinning himself round on the front on Andre Forrester's kart. Later in the lap Lohit was issued with a bumping warning for front to rear

contact on Charlie but did not gain position. Back at the front its loan Evans leading with Dominic trying to find a way past. Black flags were issued to Christian and Charlie for advantage by contact on

each other. loan manages to hold onto his lead to take the win.

Heat 2

A good start by loan as he went around the outside of turn 1 putting him on the inside line for the first hairpin, he holds his line as Lewis turns in making contact and forcing lewis to run wide, Charlie leads

the race but is struggling for pace and appears to be holding up the rest of the pack. Things start to hot up behind Charlie as Lewis was hassling Christian for 2nd place, picking up a bumping

board during his efforts to overtake. This allowed Charlie to pull away and secure his heat victory while Christian managed to hold onto 2nd place.

Heat 3

Ben Walker made a very forceful start holding his line from P3 on the grid to cut off Charlie taking 2nd place. Charlie then fought back at the hairpin but also had to defend from Dominic trying to rob him of 3rd place. All this gave Andre the opportunity to

pull out a lead. Further back the battle was hotting up with Charlie picking up bumping boards while trying to make his way up the order. Andre had a comfortable lead but it was very close for 2nd place between Ben and

Dominic, Ben on a very fine line between defending and blocking, with marshals on track keeping their eyes firmly on this battle, Ben manages to hold 2nd while Dominic has to settle for 3rd with Andre taking a clear win.

Heat 4

Lewis was on pole position for heat 4 but unfortunately made a poor start and dropped down into P3 by the end of the opening lap. This put Ben into 1st place and he looked to gap Dominic in the opening laps. Charlie made his way into 4th

place and set about catching Lewis for 3rd, putting in some good lap times with a clear track. Upfront, Dominic has caught up and is hassling Ben who is later issued a straight warning for blocking Dominic at the top of the circuit, this

drops Dominic back a bit as he has to regroup. Last lap and Dominic is back on the tail of Ben but it's too late as Ben takes the heat win.

The Final

Dominic again takes pole position for the final, he gets off to a fast start and is closely followed by Ben Walker with Ioan Evans just behind. There was a lot of contact further down the field on the opening laps bunching up 4th-7th. Dominic and Ben start to pull away from Ioan who at the same time is dropping back towards

Andre in 4th place. Lohit makes a very good overtake on the inside of hairpin 2 passing Christian for 7th, only for Christian to pull off a near identical move the following lap to retake the position. By now Andre is right on the back of Ioan and looking for a way through, he manages to make a move stick to take

3rd place with 4 laps remaining of the race, Andre now with clear track gets his head down and puts in some rapid laps to try and catch Ben in 2nd. Unfortunately for Andre there isn't enough time to challenge for 2nd place and he has to settle for 3rd behind Ben, while Dominic takes the win by a solid 5.766 seconds.
